April 16, 2019 | 7-8 p.m.

“

Based on the hit show *Hoarders* on A&E, this presentation takes a deeper look into hoarding. Any person who is unwilling to get rid of their items, even trash, might suffer from hoarding disorder. When the basic functions of a home like the kitchen, bathroom and beds can no longer be used for their intended purpose, the individual must seek help. The biohazard portion of the presentation provides an in-depth look at the dangers of cleaning up rodent droppings, needle cleanup, animal and human waste, superbugs and more.
